UPDATE

September 2020

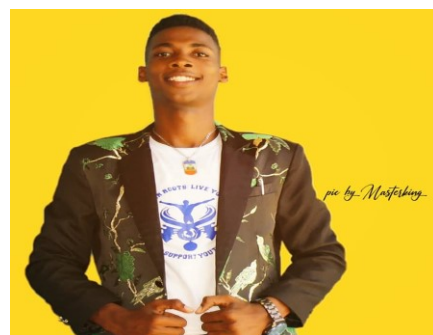

HSF proudly presents its First Solar Energy Workshop Graduates certified by Tech Factory. Comprising of 3 females and 12 males, these candidates have successfully completed the basic areas of Introduction to Business, Professional Ethic, Battery Chargers, and the construction of Solar Panels which they built from scratch.

Visit our website for more details.

TRIVIA

How many Haitian Presidents were born in Anse-à-Veau? Email the correct answer at hatiansportsfoundation@gmail.com for a prize.

Mr. Leonardo Lexehomme

Leonardo started training in martial arts with HSF as of 12 years old. After completing his classical study, he joined Law School where he is on his way to complete his final year. HSF recognized his leadership skills and chose him as the project lead of the Solar Energy Program where he was be responsible for registration, communication, and leadership. He did an excellent job..

HAITI's NATIONAL DISH

Accra Fritters

Accra can be served by itself or as an appetizer. It is a MUST in all Haitian parties. Try the "spicy" one and enjoy.

Haitian Proverb

"Pa janm koupe dwet moun k ap ba ou manje"

Translation:

Never cut off the finger of the one who gives you food.

Meaning:

We must be grateful to the people who help us.

SPONSORSHIP

Will you consider sponsoring a child's education? You will receive the child's photo and regular updates of his/her progress. The academic year is \$400, and payment can be made via PayPal.

Shop at Amazon Smile

CONTRIBUTIONS

We believe in making a difference one child at a time. Your contributions enable us to continue the great work in Haiti by preventing childhood delinquencies, enhancing the skills of the children, providing entrepreneurship studies while providing basic healthcare to the Anse-à-Veau and Nippes regions' constituents.

Contact us via phone or log into our website:

We are a 501c3 organization.

All of your contributions are tax deductible.

Covid-19 Update

Haiti officially registered 210 deaths due to the corona virus. All Haitian citizens relied on use of rapid traditional medicine to treat basic fever and cough symptoms. As a result, Haiti, for the first time, received a positive recommendation from the World Health Organization.
