Dear Friends,

I am proud to welcome you tonight to our annual dinner event. The Haitian Sports Foundation (HSF) has become a reputable organization due to its financial rigor and by changing the mindset of the children that we served through sports, education and cultural activities.

In the past two years, HSF has invested over \$80 K dollars in capital investment plus \$150 K in operational activities including services, scholarship to individuals and programs within our mission. As a completely volunteer organization, we set the standard for how we can serve the children of Haiti by allocating all 100% of our funding to charitable work.

In 2019, we accomplished two major milestones:

- First, the construction of the basketball court, built to encourage interschool competition. Basketball is relatively new to the children of Anse-à-Veau. In addition to martial arts and soccer, it will become a perfect addition to teach young minds the skills of working together and settling their differences without incurring to violence.
- Secondly, we also opened a medical clinic to provide basic preventive care to the Nippes population. When we launched it on May 3, 2019, 87 patients showed up from the infant stage to the elderly. Basic care is needed in many aspects i.e. fevers, elevated blood pressure, diminishing eyesight, diabetes and burns. Currently, once a month the clinic is available within a limited staff and the number of patients has significantly increased (from 87 to 107 in August 2019) since its May opening.

Tonight, we recognize our partners: Basket Plus with its athletes from the University of Ottawa, Canada who made the trip to Haiti against all odds to inaugurate the basketball court. They made this project a reality. These athletes are very special and are to be commended for their selfless contribution to the children of Haiti. We

also recognize the support received from Coalition for the Renewal of Anse-à-Veau (CORA), “l’Eglise de Ste Anne d’Anse-à-Veau” and the “Fédération Nationale de Basketball d’Haiti” for their undivided support and collaboration.

A special thank you to our wonderful HSF Board members. I am extremely grateful for what you do to make HSF a trusted organization. In addition, thank you to our loyal supporters for your continued belief in the hard work we do.

May the Great Architect of the Universe continue to bless you and continue to allow us the opportunity to share our God giving talents together as ONE as we work to make Haiti a better place for its citizen.

*Turnier Esperance, President*

## HSF Award Nominees

### Dugué Dumont

Mr. Dumont was born in Port-au-Prince, Haiti. He received a BA in communication from Brooklyn College, Brooklyn, New York, and an Executive MBA degree from Kennesaw State University, Kennesaw Georgia. He has been involved in the Haitian Diaspora as the

director of Radio Cosmopolite, an online radio Station. Duque is known as a journalist and for his unselfish contributions to bringing news from the homeland (Haiti). Mr. Dumond is currently the president of Dugué & Associates, LLC, a mobile Financial Company, helping people with their finances and retirement goals. He provides assistance to non-profit organizations with their financial issues. His contributions have earned him two awards from Radio FOS International and Ohahim, a non-profit Organization. One of his favorite quotes is: “He who cannot forgive breaks the bridge over which he himself must pass”.

## Elizabeth Janvier

Elizabeth is a professional Private Academic and ESL Tutor and Mentor serving students in their home environment or Public Libraries throughout Atlanta. She also tutors and mentors’ students with mental illness; instilling hope and enhancing their academic progress with the patience and mentorship they need in a fast-paced society. This stream of community outreach has inspired her to launch a non-profit tutoring organization, the Olive Tree Tutoring, in Metro Atlanta as a Founder and Executive Director. Elizabeth is a proud Aurora University Alumni who holds a Master Degree in Social Work (MSW) with a concentration in Servant Leadership. Her passion in working with individuals with needs from all socioeconomic backgrounds greatly reflected in her diligent attitude to encourage struggling learners and those seeking to improve their overall quality of life. Elizabeth’s specialties include English, Writing, Reading, essay and creative writing. She is a firm believer that meeting an individual where they are, ‘I can’t’ can be transformed to ‘I can’. Elizabeth spends some of her leisure time dedicated to volunteer work, scriptural studies, family gatherings, and various creative writing projects. She has been to Haiti working side by side with the children. She has first hands experienced of their artistic abilities.

## Testimonies

"The community really set the tone for the whole experience. From the moment we stepped off the plane, I felt welcomed. To be immersed in a new culture is not always easy, but in this case I felt comfortable and in good hands. I loved eating the local good and dancing the kompas. Also, the landscape was amazing and I can't count the amount of times I said "wooooo"! Seeing the smiles and the happiness flowing through the village will forever remain my best memory. I really enjoyed seeing the people from Anse-a-Veau coming together when building the court and in addition hearing what the founders of HSF had in store for the youth of the village made me proud to have been part of the project. I would like to thank again everyone who took part in the well-functioning of this whole trip! I look forward to meet you again!

- Adonaelle Mousamboté

Haiti Chérie, tu resteras toujours un voyage inoubliable. Se rassembler pour construire un terrain de basket-ball sur lequel des jeunes vont pouvoir s'amuser, apprendre, rêver pour des années à venir est tout simplement magique. Partager sa passion, s'immerger dans une autre culture, créer des liens avec de nouvelles personnes, faire rires les petits, c'est incomparable. Mèsi anpil pour cette magnifique expérience.

- Brigitte Lefebvre-Okankwu

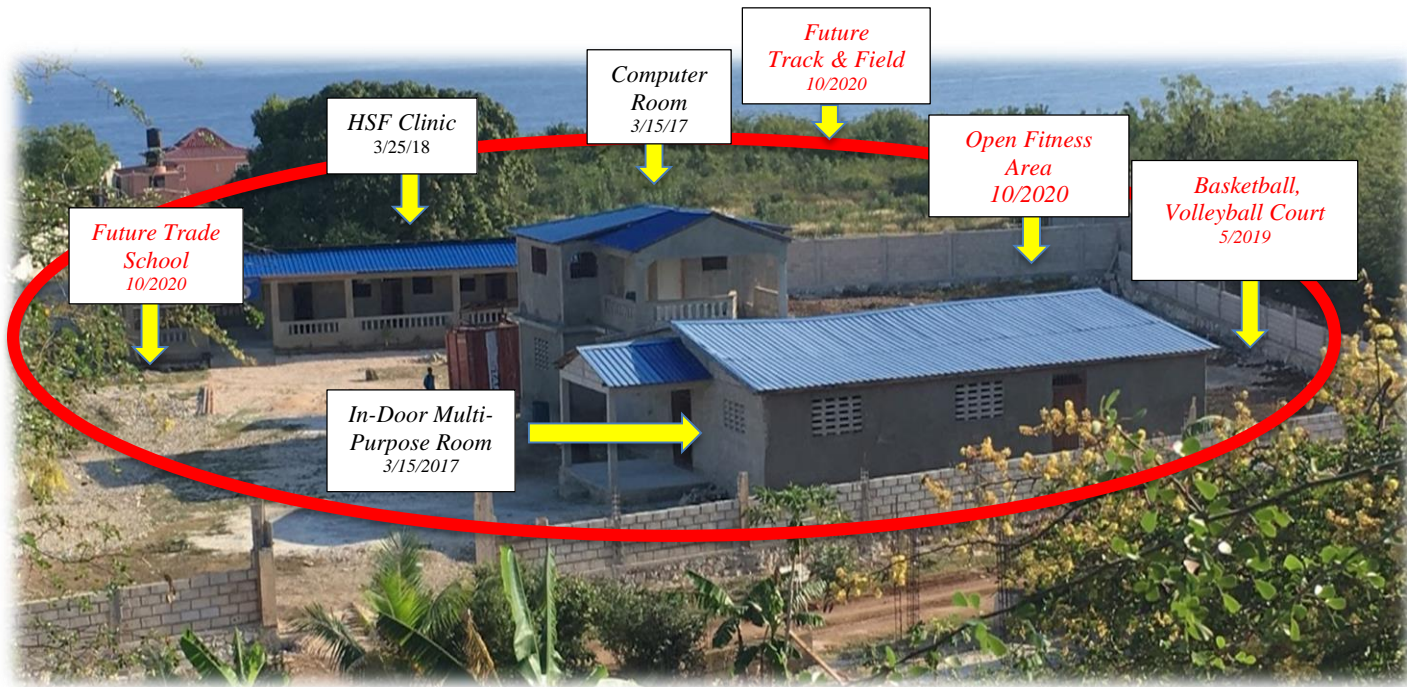

Haiti is a trip that will always be close to my heart. Before the trip, there was a lot of doubt, people were worried if it was going to be safe. As soon as we landed, however, the people of Haiti were so welcoming. Anse-a-Veau treated us like their own: encouraging us to dance, treating us with delicious food and teaching us their traditions. I have never been on a trip that has consisted of so many laughs! From helping build the court to relaxing in the ocean, there was a smile. Thank you to everyone who made this trip possible.

# HAITIAN SPORTS FOUNDATION was AWARDED, FROM GUIDE STAR, the 2019 BRONZE SEAL OF TRANSPARENCY

Dear Donors,

We are excited to inform you that the Haitian Sports Foundation (HSF) has earned the 2019 Bronze Seal of Transparency" from Guide Star: [www.haitiansportsfoundation.org](http://www.haitiansportsfoundation.org).

This is an indication that HSF remains transparent with its supporters through accurate and frequent messaging and documentation due to extensive and accurate reporting and timely deliverable of its objectives to better serve the children of Haiti.

## Hypolite Magdaline

I consider HSF like a mother. Why? Because it played a major role in my upbringing. Under the leadership of Sensei Blendell, I am no longer acting like a "zombie". HSF taught me how to communicate and how to look at people in the eyes when talking to them. HSF made me a star. Here I am now singing before an audience with a great deal of confidence and respect. I love what HSF has done in my life that is why we are totally different from other kids in the same town. I hope for HSF to continue working and I dream to give a major donation to HSF one day.

## John St Cyr Wesley

My name is John St Cyr Wesley. I am an HSF student and wear Yellow Karate belt. I am also taking computer classes. As an HSF student, I can now challenge my weaknesses and maintain a positive attitude. I would love to spend more time at the HSF center. I say a great thank you

to HSF and its members. I received a laptop from HSF for being an excellent student.

## Edouard Fredner

HSF Networking Student

I really enjoyed the courses presented by Skynet Center on Windows, Word, Excel, Access and PowerPoint. I was able to do both theory and practice. The classroom environment is excellent based on a good training center and up to date course materials. The practical experience allows me to be more confident when performing system maintenance for my friends or for myself. This is a very good training; it has met all my expectations. Thank you HSF!

## Wendy Saladin

I have been an HSF student for over seven years. In addition to learning karate, I learned a great deal in the areas of leadership, computer and communication. HSF has help me developed my musical talents and eliminate the shyness in me. I discovered my talent and my voice. I really want HSF to stay in Anse-à-Veau for a long time to help the children of my town.

# 2019 Haitian Sports Foundation Annual Fund

Dear Friend:

The Haitian Sports Foundation has a reputable track record managing contributions which impacts the lives of the children in Haiti. We believe in making a difference one child at a time. Each contribution enables to us to continue the great work in Haiti; preventing childhood delinquencies, uplifting the skills of the children, providing entrepreneurship studies while providing basic healthcare to the people in the Nippes and Anse-à-Veau regions, where we serve. We are a 501c3 organization and all your donations are tax deductible.
