To Whom It May Concern

Date May 2nd 2025

On this day, the Executive Members of the Haitian Sports Foundation (HSF), gather on a special occasion to decide the future of our public correspondence. Following the meeting, it was decided unanimously to add the word : *& Education* to its original name. All other services (Sports & Health) will remain as before. As such all future public and private communication will be read as is :

The logo will remain the same.

The HSF Board made the decision to respond to an overwhelming request from the population of the Nippes region to receive services in sports, healthcare and education.
